

## Information about the application

---

For the 2019-2020 flu season, the New Jersey Department of Health (NJDOH) will continue the annual New Jersey Influenza Honor Roll to recognize institutions that are striving to promote influenza prevention at their facilities. The Influenza Honor Roll is open to four categories of honorees: *business, community-based partners, education, and healthcare facilities*. Institutions from all categories are encouraged to submit applications detailing all implemented influenza-related activities.

Seasonal influenza is a common viral infection that can affect people of all ages across the lifespan. It can lead to severe complications or even death, especially for young children, older adults and other vulnerable populations. Influenza vaccination is the most effective method of preventing influenza infection, and it is recommended for all persons six months of age and older.<sup>1</sup>

To increase vaccination coverage and to continue to protect the health of New Jersey citizens, it requires efforts from multiple stakeholders within our communities. These stakeholders share in the responsibility to help ensure that our communities are aware of the dangers of flu, the benefits of vaccination, as well as helping to improve access to vaccination services.

Institutions sending applications to be considered for the Influenza Honor Roll must be committed to taking an active role in improving the health of their students, employees, patients, and/or communities. Activities for consideration may include (but are not limited to):

- Flu prevention campaigns;
- Flu vaccination clinics; and/or
- Partnerships with local stakeholders to promote flu awareness and prevention.

Healthcare facilities that are interested in applying to New Jersey's Influenza Honor Roll should first apply to the Immunization Action Coalition's (IAC) Influenza Vaccination Honor Roll ([www.immunize.org/honor-roll/influenza-mandates/apply.aspx](http://www.immunize.org/honor-roll/influenza-mandates/apply.aspx)). Facilities that are added to IAC's Honor Roll will be cross-promoted on the New Jersey Influenza Honor Roll.

For those interested in applying, please complete the application and send to [IHR@doh.nj.gov](mailto:IHR@doh.nj.gov), or submit via fax at 609-826-4866 to the attention of Erika Lobe. For healthcare institutions, please forward a copy of the submitted IAC application. Applications must be submitted by **March 31, 2020**. All institutions named to the Influenza Honor Roll will be highlighted on the NJDOH website and will receive a certificate of recognition.

If you have any questions or comments, please contact the Vaccine Preventable Disease Program by calling 609-826-4861, or via email at [IHR@doh.nj.gov](mailto:IHR@doh.nj.gov).
