Vaccine Management System

February 5th, 2021

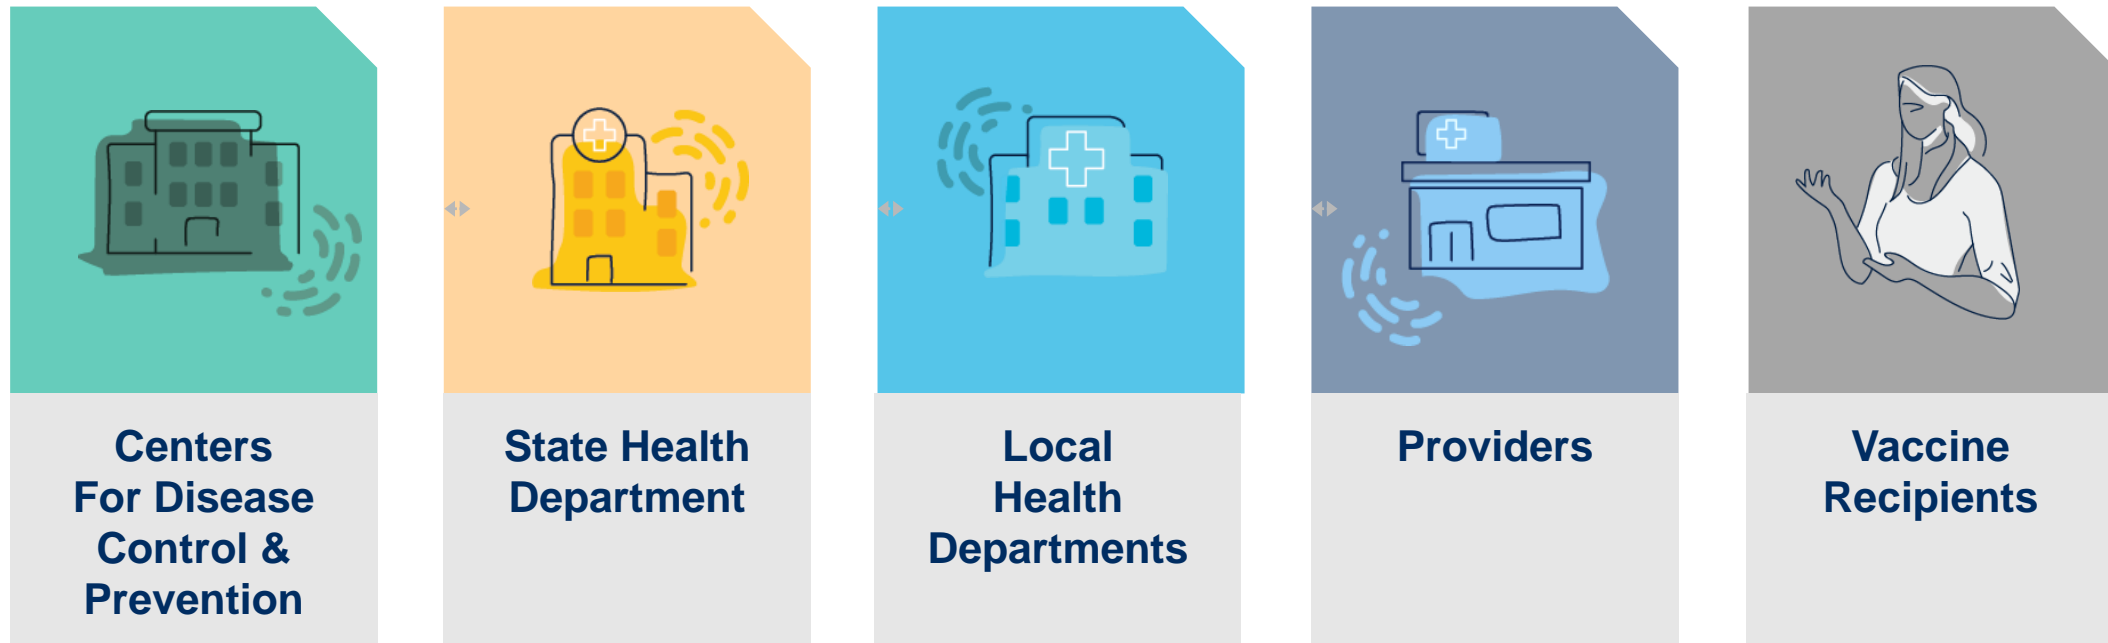

**Managing the pandemic
is complicated and
stressful enough.**

**Introducing CroweVax, powered
by Microsoft Dynamics 365®**

A secure, easy-to-use vaccine
management solution with the familiar feel
of Microsoft technologies.

One less worry.

Streamline interactions among all stakeholders

Let us show you.

An intuitive user experience provides one less worry. At every stage, we've given attention to designing an experience that's easy to follow.
