Enacted Legislation:

COVID-19, Mandates, and Exemptions

- [GA SB 345](#) was enacted on 5/3/22. This bill prohibits any governmental entity from requiring proof of COVID-19 vaccination to access services.

Movement on Existing Bills:

Parental/Minor Consent

- [CA SB 866](#) passed the Senate and was sent to the Assembly on 5/12/22. This bill allows minors, aged 12 and older, to consent to vaccines without the consent of their parents.

Preparedness

- [CO HB 22-1401](#) was sent to the Governor on 5/11/22. This bill is related to health facility preparedness. In addition to other matters, it would authorize fines of up to \$10,000 per day for a hospital's failure to have the amount of necessary vaccines available to administer its emergency plan.

Gaining Media Attention:

- California-based medical freedom groups expressed outrage at the Senate passing [CA SB 866](#). The groups Save California and California Health Coalition Advocacy were vocal on social media against the legislation and stated plans for future calls to action.
- During a House session on 5/3/22, Representative Mary Franson introduced A12, a proposed amendment to the bill [MN SF 4410](#), to study and help compensate those allegedly injured by the COVID-19 vaccines. The amendment failed to pass with 63 yes votes and 66 no votes.
- [LA HB 47](#), a bill that requires any communication issued to students or parents relative to immunization requirements include exemption information and an exemption form, is moving forward with support from Health Freedom Louisiana. The group issued a call to action and urged followers to sign up for updates by texting BRAVER to 50457 or filling out a form.
