

Awardees,

Please see the holiday shipping schedules for both McKesson and Merck Direct Ship for routine vaccines. In order to have adequate routine vaccine supply, please note dates when shipments will be held due to the upcoming holidays. Planning for December is vital; due to the carriers having high holiday volume, it is best to submit orders early to ensure your providers receive their shipments before limited delivery occurs.

Please note: This calendar is for the routine program only and does not apply to COVID-19 vaccine deliveries. A schedule that is specific for COVID-19 vaccine distribution will be provided at a later date.

There are 2 versions of the attached shipping calendar. The version labeled (Provider) does not contain CDC contact information, so it can be shared with providers.

If you have any questions please contact, Cameron Noblit Cnoblit@cdc.gov, Ashley Faas Afaas@cdc.gov, and/or Kayla Arneson Karneson@cdc.gov

If you are expecting orders to arrive before the holidays, please keep in mind that routine shipments from McKesson can take 4 business days to process before they are shipped. Also, note that shipments may take longer than 4 business days to process and ship if the provider does not have regular business hours on a daily basis.

McKesson shipments may arrive on any day of the week, including Mondays, based on the way business hours are entered in VTrckS. Below is the shipping schedule for routine vaccines as stated in the current contract. Note: Orders may ship out more quickly than the “Order Shipped By” day shown in this table.

Order Received* On	Order Shipped By**
Monday	Thursday
Tuesday	Monday
Wednesday	Monday
Thursday	Tuesday
Friday	Wednesday

*Business/Ship day ends at 12:00 noon Local Distribution Center Time. Orders must be received prior to this cutoff to be considered received on a given day.

**Orders shipped by applies to providers with normal business hours only. Providers with hours other than normal business hours should not that order may ship out later than the “order shipped by” date shown in this table.

***Flu and direct ship vaccines cannot be shipped as priority and therefore should not be marked as priority in VTrckS.
