

HCEZs in action...

Healthy Chicago Equity Zones - Vaccine Equity Project created and supported vaccine and outreach events across Chicago. Not only did residents receive vaccinations and information about the COVID-19 vaccine and the COVID virus, but they also received incentives, food, and other social services and support.

HCEZs by the numbers

HCEZ Region	Total vaccine doses supported, Dec. 2021 - June 2022	Number of people engaged, July 2021 – June 2022	Number of events and engagements supported, July 2021 – June 2022
Far South	3,691	33,929	320
Near South	1,929	45,193	173
North/Central	3,444	20,476	262
Northwest	3,513	25,710	232
Southwest	2,401	28,967	323
West	4,436	37,257	387
Grand Total	19,414	191,532	1,697

HCEZ partners logged their events, both vaccination, and outreach, into an “After Action Report” system. The table above reflects the number of vaccinations and outreach recorded in this system. As not all work was accounted for, it is likely that the number of people reached is far higher. HCEZ partners also supported City-led efforts, so the number of vaccinations supported is approximate.
