Table 3 - COVID-19 Vaccination Rates

Data updated May 21, 2023

	% with 1+ dose	% with 2 dose series	% change in 4 weeks
6 mo.-4 y/o	13%	-	0%
5-11 y/o	47%	40%	0%
12-17 y/o	83%	73%	0%

Data taken from [AAP - Children and COVID-19 Vaccination Trends](#)

Table 4 - Pharmacist Authority to Deliver Vaccines Outside of PREP Act

Data updated May 2023

COVID-19: Federal PREP Act allows all pharmacists, pharmacy technicians, and pharmacy interns to administer routine childhood vaccinations and COVID-19 vaccines to all children 3 and older, and the influenza vaccine to those age 19 and older. More info can be found at naspa.us/resource/federal-prep-act-actions/

	Influenza	COVID-19
With a patient-specific prescription	Can administer to age 2+	Can administer to age 18+
Without a prescription	Can administer to age 2+	Can administer to age 18+

Can pharmacy technicians administer vaccinations in New York outside of PREP? No

Per-Dose Vaccine Administration Fee For Medical Providers

Data updated May 2023

This graph represents the range of administration fees across states. Minimum, maximum, and median calculations taken from the 45 states where data was available.

Data taken from [New York Vaccines for Children Provider Manual](https://www.health.ny.gov)

Other Details

- Is New York a Medicaid Expansion state?
 - Yes
- Is New York currently enrolling pharmacies in VFC?
 - No
- Are pharmacies recognized as Medicaid providers?
 - No
- Number of school-based clinics
 - 109
- Universal VFC jurisdiction?
 - No
- Legislative considerations
 - Does not permit non-medical vaccination exemptions
 - No bans on student COVID-19 vaccine mandates
 - No requirements for student COVID-19 vaccination
 - Minors who are considered runaways or unaccompanied minors experiencing homelessness who are receiving approved crisis or support services may consent to medical care
- Logistical considerations
 - Moderate levels of vaccine deserts in rural areas (as defined by vaccineplanner.org - see maps below)
- Opportunities
 - School-located vaccination
 - Recruit non-vaccinating providers in vaccine deserts

Pharmacies Not Currently Providing COVID-19 Vaccines to Children Under Five

Data updated May 2023

Total: 272

Data taken from vaccineplanner.org

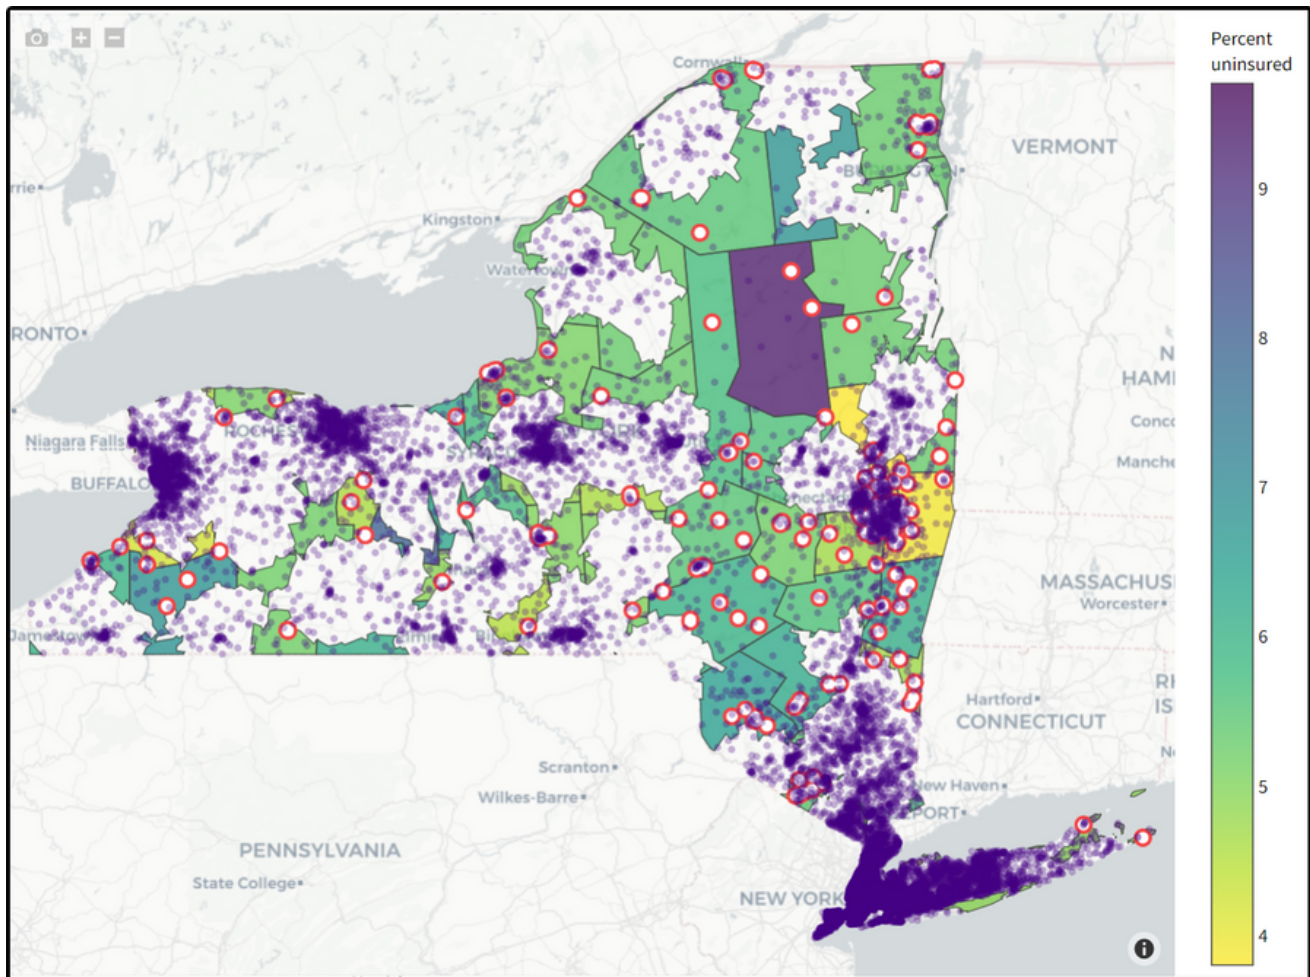

Data parameters:

- Children between the ages of six months and five years
- Those living in low, moderate, or high social vulnerability (based on the [CDC's Social Vulnerability Index \(SVI\)](#))
- Shaded by percent without health insurance
- Drive time of 30 minutes or more to the nearest COVID-19 vaccination site
- Purple dots each represent a population of 1,000 people

Pediatric and Family Medicine Practices Not Currently Providing COVID-19 Vaccines to Children Under Five

Data updated May 2023

Total: 301

Data taken from vaccineplanner.org.

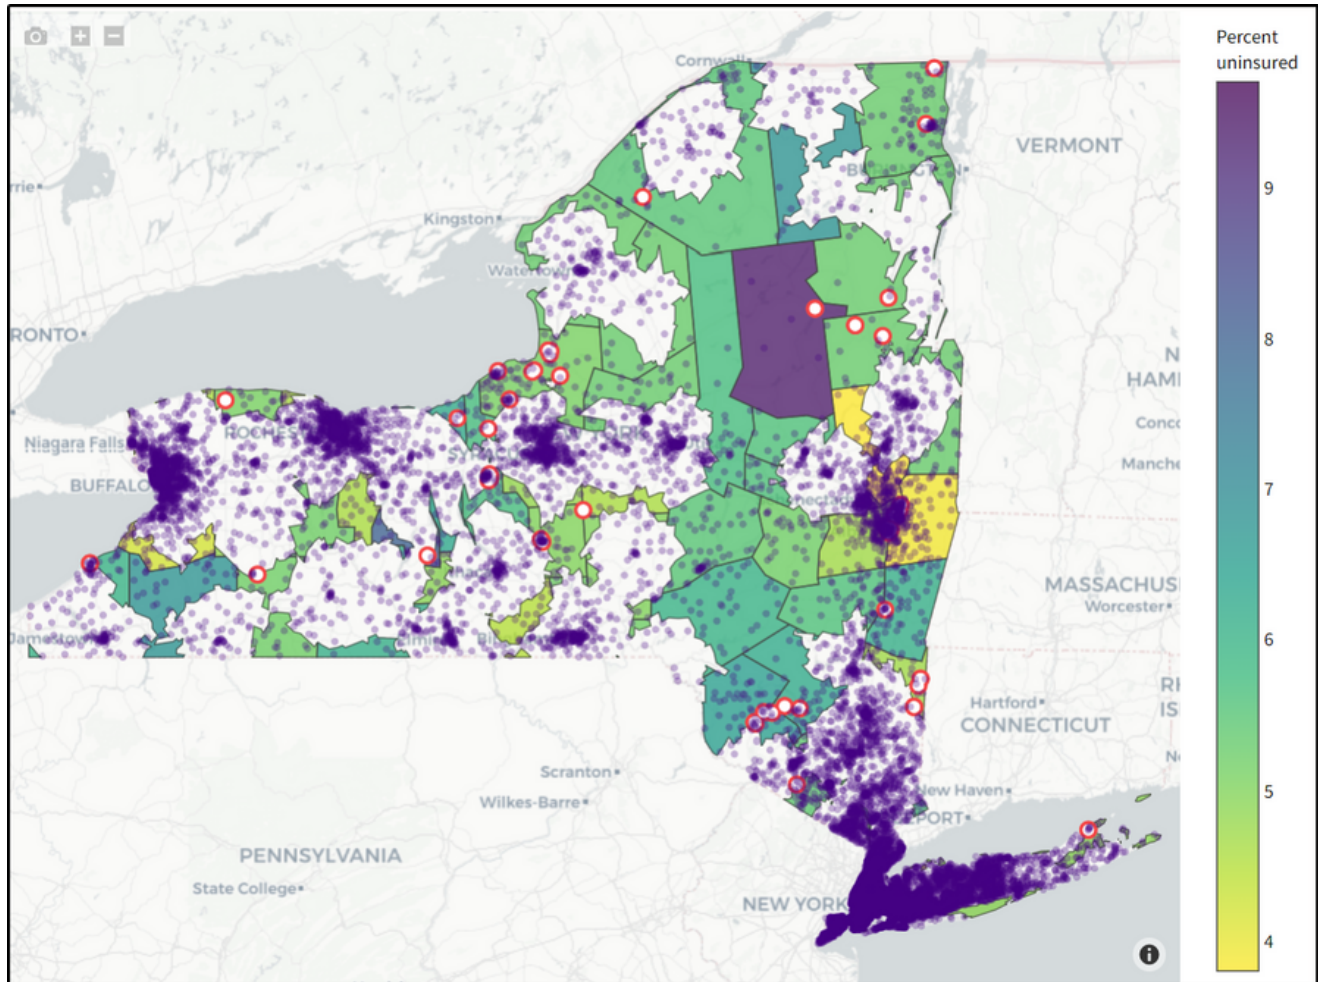

Data parameters:

- Children between the ages of six months and five years
- Those living in low, moderate, or high social vulnerability (based on the [CDC's Social Vulnerability Index \(SVI\)](#))
- Shaded by percent without health insurance
- Drive time of 30 minutes or more to the nearest COVID-19 vaccination site
- Purple dots each represent a population of 1,000 people

Federally Qualified Health Practices Not Currently Providing COVID-19 Vaccines to Children Under Five

Data updated May 2023

Total: 60

Data taken from vaccineplanner.org.

Data parameters:

- Children between the ages of six months and five years
- Those living in low, moderate, or high social vulnerability (based on the [CDC's Social Vulnerability Index \(SVI\)](#))
- Shaded by percent without health insurance
- Drive time of 30 minutes or more to the nearest COVID-19 vaccination site
- Purple dots each represent a population of 1,000 people
